Region: North Karelia, National Park "Paanayarvi".

Route: Loukhi station – village Pyaozerskiy - river Poncea – lake Pyaozero – Talshvary island – the island Maya – island Vasculature – Peninsula Paloniemi– lake Kukas – house on the shores of lake Paanajarvi – mount Nuorunen - waterfall Kivakkakoski- village Vartiolampi – Pyaozerskiy village - station Loukhi

Experience your fishing luck on the beautiful lakes of the Paanajärvi national Park. You will be fishing in the unique natural complexes of lake paanajärvi, the deepest small lake in the world. High mountains surrounding the lake valley create a unique microclimate and unique landscape.

Tour program

DAY 1.

Guests arrive at the station Louhi and we head to the village of Pyaozersky. After registration in the Park's Visit center, we have Breakfast and pick up equipment. Then, having reached the Cordon of the national Park Paanajärvi, we will to be briefed on the theory and practice snowmobile control, packing. After all the fees we finally go on snowmobiles on the frozen rivers and lakes on the route: Cordon, lake Piaozero, guest house of Park Paanayarvi. Accommodation in one of the cozy houses of the Park, where we will have lunch. Then we go along the route: guest house, Cordon, mount Kivakka (only 50 km). In the evening, arrive in a warm and cozy house, where we are waiting for a delicious dinner and a great bathhouse.

DAY 2.

In the morning, after **Breakfast**, we depart along the route: the Cordon, mountain Nuorunen (576 m), lake ISO-Lijarvi, lake Ala-Noronen. Here we will cook dinner and on the same lake we will arrange fishing. After that, we will travel along the old Soviet-Finnish border, on lake Paanajärvi, Red rocks, the source of the Olanga river, he border house. Overnight in one of the hospitable houses on the shore of lake piaozero, delicious dinner and bathhouse.

DAY 3

Today we are waiting for fishing! After **Breakfast**, we go to the unique beauty of the remote Alpine lake Kukas, lost in the heart of the mountains in the North of Karelia. Rocky shores, water clarity, comparable to the water of lake Baikal and excellent fishing-these are the main features of lake Kukas. Here we will cook dinner and, on this lake, we will try our fishing luck. Overnight in one of the hospitable houses on the shore of lake Piaozero, delicious dinner and bathhouse.

DAY 4

Today we have to cover 90 km across frozen rivers and lakes. Departure on the route: house, cordon, lake Piaozero, waterfall Kivakkakoski, which affects the winter is not so much its size as the unusual color of the water, changing depending on the weather. Then we return to the guest house, have lunch, change clothes and we are waiting for the way back from the Cordon to the village of Louhi, to the trains.
