

SALMON FISHING IN THE NORTH OF KOLA PENINSULA

THIS IS THE BEST PLACE IN THE WORLD FOR ATLANTIC SALMON FISHING!

Duration of tour: 7 days (Moscow/Moscow).

Fishing area: Kola Peninsula, Ponoï River.

Ponoï is famous all over the world for its best Atlantic salmon fishing. There is no better choice: even the beginner can catch several salmons per day. The average catch per day is 5 - 20 salmons. Every year Ponoï produces thousands of salmons from 5 to 10 kg, which is nearly 30 percent of the total catch.

The maximum expected weight is nearly 20 kg. During the autumn run the ratio of bigger fish increases. The cost of tour depends on a month (in some of them the fish is more active) and is from 4900 \$ to 8000 \$ for one week.

Accommodation is provided in a comfortable camp, in double rooms with all modern conveniences.

Helicopter transfer to the camp and return is already included to the price.

Both fly-fishing and lure fishing are possible. We use the principle "catch and release", but it is possible take some for eating. Besides the Atlantic salmon, you can also catch graylings, chars, whitefish, perches and pikes. The fishing is carried out with the assistance of the experienced guides - jaeger and two anglers. There is also an interpreter in the camp.

To feel free in variable climate, you are kindly requested to have raincoats and warm clothes. There are mosquitoes June-August, so at this period you will need a repellent.

During the tour, you will enjoy the fascinating beauty of the Russian northern nature particularly at the period of the famous "white nights" (midnight sun) with 24 hours of daylight and feel the traditional Russian hospitality.
